

PRIMARY PE & SPORTS PREMIUM STATEMENT 2023-2024

Background - The primary school sport premium is £150 million per annum of government funding jointly provided by the Departments for Education, Health and Culture, Media and Sport. Investment will go direct to individual primary schools and is designed to support improvements in the quality and depth of PE and school sport in addition to the curriculum.

Outcomes - The Department for Education vision is that all pupils leaving primary school are physically literate and have the knowledge, skills and motivation necessary to equip them for a healthy lifestyle and lifelong participation in physical activity and sport. The objective is to achieve self-sustaining improvement in the quality of PE and sport that delivers high quality provision of a balanced and holistic PE and school sport. Areas to develop include;

- The engagement of all pupils in regular physical activity – kick-starting healthy active lifestyles
- The profile of PE and sport being raised across the school as a tool for whole school improvement
- Increased confidence, knowledge and skills of all staff in teaching PE and sport
- Broader experience of a range of sports and activities offered to all pupils
- Increased participation in competitive sport

Funding – Cliffe Woods receive £19,550 which we use to support these outcomes through various options including; release of staff for CPD, employing specialists to work alongside teachers, work with other schools and partnerships, transport, equipment and to support the provision of sport.

Accountability & Impact – As a school, we're required to keep parents informed and publish plans for deployment of premium funding on our website by April of each academic year. As part of this, we're expected to track pupils to be able to show what improvements have been made and evidence the impact of the sport premium. From September 2013, Ofsted inspectors can assess and report on how effectively this funding is being used when making the judgement on the quality of the school's leadership and management.
